

Alberta Homeless Foundation

Media Inquiry & Impact Report

Date: October 12, 2025

Overview

The Alberta Homeless Foundation (AHF) is a rapidly growing grassroots non-profit founded by a team of Albertans dedicated to supporting individuals experiencing homelessness. What began in November 2024 as a small volunteer effort has evolved into a structured organization with consistent outreach, accountability systems, and a growing team of community-driven volunteers.

Rather than waiting for people to come to us, we meet them where they are, providing hygiene kits, snacks, and daily living essentials directly on the streets. Our mission is simple: **to provide consistent, dignified, and hands-on support for those in need.**

Community Impact

Since launch, AHF has distributed over **6,000 essential items** across Calgary and surrounding areas. Each distribution reflects not only material support but genuine connection, building relationships, trust, and community understanding.

We recently launched a pilot with the **University of Calgary, Cumming School of Medicine**, supplying their community resource pantry and engaging student volunteers to expand our outreach. This partnership has strengthened our ability to reach individuals facing financial insecurity beyond Calgary's downtown core and to better understand barriers to accessing care.
